

Artem Koshmov

Recruitment Manager — Information Security & HR

Nizhny Novgorod, Russia | akoshmov@gmail.com | +7 953 567-5756 | Telegram: @Gorefield

PROFILE

Recruitment Manager with 5 years 10 months of experience across in-house and agency recruitment, specializing in Information Security hiring and broader HR management. Open to full-time, part-time, or project-based work, on-site or remote, with willingness to relocate and occasional business travel.

EXPERIENCE — 5 YEARS 10 MONTHS

Information Security Recruitment Lead — Positive Technologies

May 2023 – Present

Moscow · Information technology, systems integration, internet · Software development, systems integration, IT consulting

Team leadership and expertise development

- Initiated and built the Information Security recruitment function from scratch within the company.
- Formed and developed a high-performing team of 5 recruiters (3 mid-level, 1 senior, 1 junior) that achieved record efficiency (KPI) results.

Team management and partnership

- Set tasks, monitored execution, and analyzed individual and team performance indicators.
- Mentored recruiters individually: reviewed career progress and helped resolve complex or stalled cases.
- Built a "Recruiter = Partner" model to strengthen collaboration between the team and hiring managers.
- Organized team-building and motivational activities to support team morale.

Analytics and reporting

- Regularly monitored team KPIs, identified growth areas, and optimized processes.
- Prepared and presented comprehensive hiring reports (quarterly, semi-annual, annual) to business leadership and top management.
- Conducted performance reviews and set individual and team goals for the following year.

HR project management and innovation

- Led digitalization of HR processes as project owner: implemented and developed an employee onboarding service.
- Implemented and maintained Jira as the centralized system for tracking recruitment requests.
- Developed sourcing and process-automation tools, including VBA scripts for data structuring and analytical calculations.
- Drove adoption of AI in recruitment to optimize sourcing and selection.
- Strengthened the HR brand by developing new tools to increase offer and company attractiveness (promotional videos, presentations, etc.).

Information Security Recruiter — Positive Technologies

Apr 2022 – May 2023

Information technology, systems integration, internet · Software development, systems integration, IT consulting

Scope of responsibility

- Managed full-cycle recruitment: from analyzing hiring needs and creating job postings through to pre-onboarding/onboarding.
- Analyzed the labor market, defined target audiences for open roles, and developed and updated sourcing maps mapped by role.
- Sourced and attracted candidates using a range of tools and channels; maintained and optimized sourcing tools.
- Conducted initial screenings, prepared detailed candidate summaries (including technical assessment), and passed relevant candidates to hiring managers.
- Actively participated in interviews at all stages, advising hiring managers on informed hiring decisions.
- Closed vacancies through negotiation — presenting offers to candidates, aligning terms with hiring managers, and handling objections at every stage.

Expertise in specialized niches (Technical Recruiting)

- Information Security: penetration testers, application vulnerability and security-mechanism researchers, reverse engineers (including malware analysts), security researchers, and other highly specialized InfoSec roles.
- R&D: developers across all levels in C/C++, Assembly, C#, Golang, Rust, and Python.

Talent Acquisition Expert — Kelly Services

Mar 2021 – Apr 2022

Business services · Staffing agency

Client work and planning

- Negotiated with clients and finalized job requirements (briefs, job descriptions).
- Clarified the ideal candidate profile and developed sourcing and candidate-presentation plans.

Recruitment delivery

- Structured and managed the recruitment process end to end.
- Sourced and actively screened candidates, presenting relevant profiles to clients.
- Provided full candidate support through all stages, up to successful completion of the probation period.

Additional advisory services

- Contributed to strategic workforce planning and helped design employee motivation systems.
- Analyzed the labor market and prepared industry-situation overviews.
- Maintained recruitment reporting across various tracking systems.

HR Manager — AGAT Group

Jul 2020 – Feb 2021

Transportation, logistics, warehousing, foreign trade · IT & internet · Agriculture · Automotive retail

Market analysis and strategic planning

- Monitored the labor market and analyzed workforce and salary trends; informed leadership for strategic decision-making.
- Planned current and future staffing needs, built a talent pipeline, and sourced specialists as needed.

Recruitment and candidate assessment

- Managed full-cycle recruiting: sourcing, screening, assessment, and interviewing of candidates.
- Developed job profiles for open positions, outlining required professional and personal qualities.
- Identified and implemented new sourcing channels and methods for finding qualified specialists.

Onboarding and documentation

- Prepared and processed employment contracts, agreements, and other HR documentation; maintained employee records.
- Contributed to the design and delivery of new-hire onboarding programs.

Employee development and training

- Designed and implemented employee development, career planning, training, and upskilling programs.
- Organized internships, training sessions, and performance assessments; evaluated the effectiveness of training programs.
- Developed and implemented motivational and corporate social programs.

Professional knowledge and skills

- Knowledge of labor law.
- Strong business communication skills, both written and verbal.
- Experienced with HR document management.
- Individualized approach to employee motivation and engagement.

EDUCATION & CERTIFICATIONS

Bachelor's Degree, Faculty of Management, State and Municipal Administration
